## Ten Elements That Make Up An "Incredible" Kitchen

If you've thought about jazzing your kitchen, there is no shortage of ways to do it these days. We have rounded up 10 of the most common elements that are normally part of a

luxury kitchen in 2017. You can pick and choose from these elements to integrate into your kitchen. The more you choose, the more elegant and luxurious your kitchen becomes. Here is a list with a brief description of our top ten.

### Custom Cabinetry

Cabinets are the heart of the entire kitchen. Homeowners that desire to have a luxury kitchen will want to immediately upgrade to a high quality custom cabinetry. The very best cabinetry is made from the finest woods and is built like premium quality furniture.

### High End Appliances

Modern high end appliances come with lots of features and benefits. The best appliances today have intuitive light-guided controls, compartments with separate climate control systems, soft touch drawers and multi-point

LED lighting.

### Ceiling Details

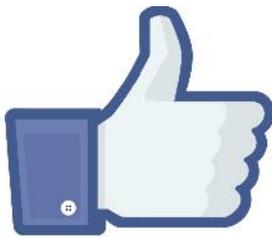

Stacked crown molding and intricate details in your ceiling will make a dramatic statement about your kitchen. A statement that says "hey, look at me!" Adorning

the ceiling with exquisite detail will bring an elegance to your kitchen that you never imagined.

### Mix And Match Countertops

Who ever said all the countertops need to match? It's OK for the island to make a powerful statement of its own. Give your designer some creative latitude to mix their marbles, granites, quartz, metal and solid colors. It's all up to you, your tastes and your budget. Let it look as stunning as possible.

### Lighting Details

Lighting can draw attention to or away from other elements in your kitchen. With hundreds of styles of fixtures to choose from, there is no end to your options. The important thing is that you place and aim your sconces, chandeliers and pendants in the areas that create the elegant ambiance you want to achieve.

### Multiple Refrigerators

Let's face it today's homes are larger than ever, families are diverse in their foods and lots of folks like to entertain on a large scale. All that activity puts a strain on a single fridge. Smaller under counter and drawer fridges are a great way to break your kitchen into functional refreshment and preparation zones; or, just add a second full-sized

### Hand Crafted Tiles

The mass production of everything for decades has created a much greater appreciation of, and value for, hand crafted products and service. This is where tile comes in. The most exquisite luxurious kitchens will always contain that key element and touch of hand crafted tile.

### High Tech Connected Appliances

Busy people need smart appliances that help save time and money. Today's appliances have WiFi connections that allow you to control oven temperatures from your smartphone. Others

schedule the hot water for your morning coffee, tell you when their filters need changed and activate from the sound of your voice. All are showing up in today's most elegant modern kitchens.

### Organizing Accessories

From wall cabinet organizers to built in lazy susans, trash cans, pull out organizers and more, the inside of your cabinets can be customized for every storage need. From spice racks to wine racks your custom cabinet designer can talk to you about all the options that may appeal to you.

### Wall Surfaces

For years, paint and wallpaper were your only options for wall surface. That led into an explosion of tile options. In more recent times elegant kitchens have used everything from glass, brick, stone, metal, tin and wood. Like the other elements of an incredible kitchen, let your budget and creativity lead the way.

Are you ready to turn your kitchen into an incredible place? It's not as difficult as you may imagine. But, the options can be overwhelming. We've only touched on 10 of the elements that you can focus on. The first steps are to make a list of all the things that are important to you in your kitchen. The next step is to work with an experienced kitchen designer. With their help, make a plan and begin moving on it.
